tilling.lee@nera.com

Washington, DC: +1 202 466 9268

Ms. Lee specializes in damage models, data construction, on-line data collection systems, and written information retrieval systems. She has processed large sets of data for antitrust and regulatory proceedings in the areas of polyester staples, building insulation, cable television, tobacco, auto glass sales, metals processing, telecommunications, and health care.

Before joining NERA, Ms. Lee was a Research Assistant in the monetary affairs division at The Board of Governors of the Federal Reserve System, where her responsibilities included data collection and analysis of various financial and banking data. She also has experience consulting with staff and attorneys on measuring and reporting turnover for computer-related materials, employee churn, and other areas of client interest.

Ms. Lee obtained her BA in economics and statistics, *magna cum laude*, from Mount Holyoke College. She is fluent in Taiwanese and Malay and is proficient in Mandarin.
