Dr. Devalina Chatterjee is a Senior Consultant in NERA's Antitrust and Competition and Intellectual Property Practices. She conducts economic research and analysis concerning issues arising from patent, trademark, and copyright infringement; and the misappropriation of trade secrets, breaches of contract, and anticompetitive behavior. She has expertise in applying economic theory, statistics, and complex econometrics tools to analyze damages and calculate lost profits and reasonable royalties and has done so in a wide range of industries, including consumer goods, gaming, software, technology, and pharmaceuticals, among others.

Education

PhD in Economics, Utah Stat University, 2010

MSc in Economics, Calcutta University, India, 2001

BSc in Economics and Mathematics, St. Xaviers College, India, 1999

Practice Areas

Intellectual Property

About NERA

NERA Economic Consulting (www.nera.com) is a global firm of experts dedicated to applying economic, finance, and quantitative principles to complex business and legal challenges. For over half a century, NERA's economists have been creating strategies, studies, reports, expert testimony, and policy recommendations for government authorities and the world's leading law firms and corporations. With its main office in New York City, NERA serves clients from more than 25 offices across North America, Europe, and Asia Pacific.
