Mr. Edward Flores is a Senior Consultant in NERA's Securities and Finance Practice. He specializes in securities class action litigation and has provided support to expert testimony for securities litigation, asset valuation disputes, and insider trading cases.

In the area of securities class action litigation, he has conducted economic, financial, and statistical analyses in analyzing issues such as market efficiency and class certification, assessing materiality and loss causation, and estimating damages across equity, debt, and derivative securities. His experience spans a number of industries, including pharmaceuticals, financial services, information technology, consumer goods, and energy, among others.

Mr. Flores received a MA in Statistics from Columbia University (with a concentration in Data Science) and a BS in Economics and in Mathematics from the Massachusetts Institute of Technology.
