Edward Mills is a Consultant in NERA's Global Energy Practice, based in London. Mr Mills specialises in topics related to economic regulation in network industries, as well as statistical analysis of microeconomic data and surveys.

His project experience spans utilities in the electricity, gas, and water sectors in Europe, Australia, and the Middle East. He has worked across a range of areas, including cost assessment and efficiency, willingness-to-pay estimation and cost benefit analysis, incentive design, competition, and financial issues. He regularly advises regulated utilities in the course of price control reviews and supports a range of clients on regulatory and market design assignments.

## Education

MSc in Economics, Queen's University, Belfast BSc in Economics, Queen's University, Belfast

## Practice Areas

Energy

Water

## About NERA

NERA Economic Consulting ([www.nera.com](http://www.nera.com)) is a global firm of experts dedicated to applying economic, finance, and quantitative principles to complex business and legal challenges. For over half a century, NERA's economists have been creating strategies, studies, reports, expert testimony, and policy recommendations for government authorities and the world's leading law firms and corporations. With its main office in New York City, NERA serves clients from more than 25 offices across North America, Europe, and Asia Pacific.
