Mr. Rabinovich is an Associate Director in NERA's Global Energy, Environment, Communications & Infrastructure Practice, based in Madrid. He specializes in the economics of energy markets applied to regulation, due diligence, competition policy, market design, and litigation.

He has advised utilities and investors in matters related to the remuneration of regulated activities, including due diligences of network assets and estimation of cost of capital in Spain and other European countries.

Mr. Rabinovich has wide experience in wholesale electricity market modeling and bidding strategy, and has assisted companies in several investigations on competition policy issues. His experience also covers litigation cases on contractual and regulatory disputes in Europe and Latin America, which have been heard before national and international arbitration panels and ordinary courts.

Prior to joining NERA, Mr. Rabinovich worked at the Spanish energy regulator and as a financial analyst in the telecommunications industry in Argentina.

Education

MA in Industrial Economics, University Carlos III of Madrid, Spain

BA in Economics, National University of Córdoba, Argentina
